This image shows a full page of blank graph paper. The grid consists of small, equal-sized squares formed by thin black lines. There are 20 columns and 20 rows of squares, creating a total of 400 square units. The paper is otherwise completely blank, with no margins, text, or other markings.

ALL renovation debris must be removed and taken with them each day. If they use their own dumpster, it cannot be left in our parking lots over night. Contractors must take the dumpster away and bring it back the next day.
